Quickway Imports Inc., home of Vintique Wood™ was founded and established in 2011. Born as a by-product of an antique habit, the founder had a heavy interest in finding a way to bring superior wooden products with antique finishes to distributors. There was an obvious void in the marketplace, where either quality or authenticity was absent. Those with a passion for antiques know the most prized items possess both traits - sturdy craftsmanship and characteristic finishes. We scour the world to import hand selected items that meet the standards that antique lovers expect so that you don't have to. Our wholesale model allows you instant access to affordable products with extraordinary quality.

With a clear vision to create an exceptional flagship product, our decorative treasure boxes were designed. Our commitment to only the highest quality materials was well-received and the launch was a mass success. Our treasure boxes quickly led to further expansion into other items, including a vast array of home and garden décor. From fabric-lined baskets, to stunning luggage and chests, Quickway Imports Inc. is your affordable and efficient wholesaler for readily available bulk inventory or custom orders. Focusing on a distinctive stylization, becoming increasingly popular to modern consumers, our pieces are made with characteristic antique silhouettes and striking vintage finishes.

What has become the baseline of our success is the three-fold manner in which we operate. Firstly by a thorough merchandising process where each item has been inspected, tested, and vetted by a creative team of self-proclaimed "vintage lovers". Secondly, by our speedy New York fulfillment center that ships orders within two business days, on time, every time. Thirdly, by our commitment to a dedicated customer service department, readily available to assist your entire experience, from selection and purchasing, through to delivery and quality confirmation. This tri-operational approach ensures a smooth process with each and every order you place.

Our flagship product line made with Vintique Wood™ will continue to expand and offer wood products with the finest antique finishes.

Our upcoming product line, Uniquewise™ is currently in development and will include a product fold of elegant and modern home décor, as well as furnishings.
