Assembly instructions

With the purchase of this solid wood item you have acquired a high quality product. Prior to the assembly, we recommend that you read the instructions carefully to ensure a trouble-free construction.

Before you begin the assembly, please check the completeness of all parts supplied. During the assembly make sure that all parts are initially loosely connected to each other and only tighten their connections when the assembly is completed.

CAUTION!

The assembly may only be executed by adults.

Please use to the provided Allen wrench and a screwdriver for the assembly.

Maintenance instructions

During the use of the product the screws should be tightened from time to time in order to ensure that everything is fixed firmly and nothing is loose. The children's seating arrangement is made of solid wood. With a natural product like wood, irregularities in color and texture are a typical characteristic and do not count as a defect.

Drying cracks can develop through prolonged heat periods, which will mostly degenerate back again when the temperatures fall. The wood of the seating arrangement is treated with an environmentally friendly water-based saliva and sweat-proof coating, and is therefore only semi-weatherproof. To prevent weathering and mildew formation it is recommended to treat the wood with an appropriate wood stain, and to repeat the process annually.

We recommend a dry place with sufficient air circulation for storage in the winter.

Disposal

Please dispose of the packaging and disused products at local recycling centres.

Safety instructions

- Installation must be done without children.
- The article is not to be used if screws or other parts are missing or damaged.
- Danger of injury! Damaged or incorrectly installed parts can affect the safety and functionality of the product.
- Recommended for children of 3-7 in age
- If the children's seating arrangement is assembled by adults, they should immediately dispose of the entire original packaging, since the foil packaging poses a hazard for children (danger of suffocation!). |
- Teach the children how to properly use the children's seating arrangement and never leave it unattended while they are playing.
- Check the wooden parts of the children's seating arrangement from time to time for worn or broken places and smooth them again with sandpaper.
- Perform the assembly of the children's seating arrangement on a level as possible base-surface within a spacious environment.
- The seating surfaces of the children's seating arrangement can withstand a load of a maximum of 100kg.
