

# Universal Car Front Seat Pet Barrier

## Fitting Instructions:

1. Place the pet barrier between the front seats as shown in the picture.
2. Adjust the horizontal bars and vertical middle bar as necessary and tighten the clips secure to preventing your pet from climbing through the gap.
3. If necessary, pull the curved bar on the top of the pet barrier up to the roof of your vehicle. Tighten the clip secure to prevent your pet from jumping over the barrier.
4. Use the buckle tie-downs provided to secure the pet barrier in position to the vehicle's head restrains.
