PRODUCT INFORMATION

The pets keep the food from the leakage holes by turning the slow feeder. And then through the bottom of the plate to control the dog eating speed.

- 1** Place where pet food is stored
Put the pet food from the hole and then close it

- 2** Height adjustment knob
Suitable for different sizes of pets to eat and play

- 3** Different sizes of the leakage hole
It can make different sizes of pet food fall from the leakage hole
