

1. Open the package, there are 3pcs shorter horizontal panels, 2pcs long vertical panels and 6pcs bolts.

2. The 3 shorter panels are labeled with two stickers: position label (TOP, MIDDLE and BOTTOM) and sequence label (A, B, C, etc). Sequence labels are in accord with the sequence labels in the holes of the two long vertical panels.

3. Find the shorter panel that has the same sequence (A, B, C, etc) label with the long vertical panel (A, B, C, etc), insert it into the hole that has the same sequence number in the long vertical panel

4. Insert the bolt into the hole at the end of the short panel after assemble to the vertical panel to secure. Assemble the other two pieces of panels with above same steps.
